

3 Reasons Why CPC+ & Primary Care First Practices Should Join an MSSP ACO

1. Program requirements align with MSSP ACO

	CPC+	PCF	MSSP
Quality Payments	Up to \$48 per patient per year	-10% to +50% of total payments	Must pass quality threshold to receive savings
Patient Experience	Survey combination	CAHPS - Practice level	CAHPS - ACO level
eQMs	2 - Diabetes Control (#001) BP Control (#236)	3 - Diabetes Control (#001) BP Control (#236) Colorectal Cancer Screening (#113)	3 - Diabetes Control (#001) BP Control (#236) Depression Screening & FU (#134)
MIPS CQMs	X	Advanced Care Plan (#47)	Can report the three eQMs as MIPS CQMs
ED Utilization Bonus	Up to \$7.92*	X	Important in reducing total cost of care
Acute Hospital Utilization Bonus	Up to \$16.08*	For metric performance based adjustment	Unplanned readmission (#479) Unplanned admissions for MCCs**

Aledade ACO Advantages

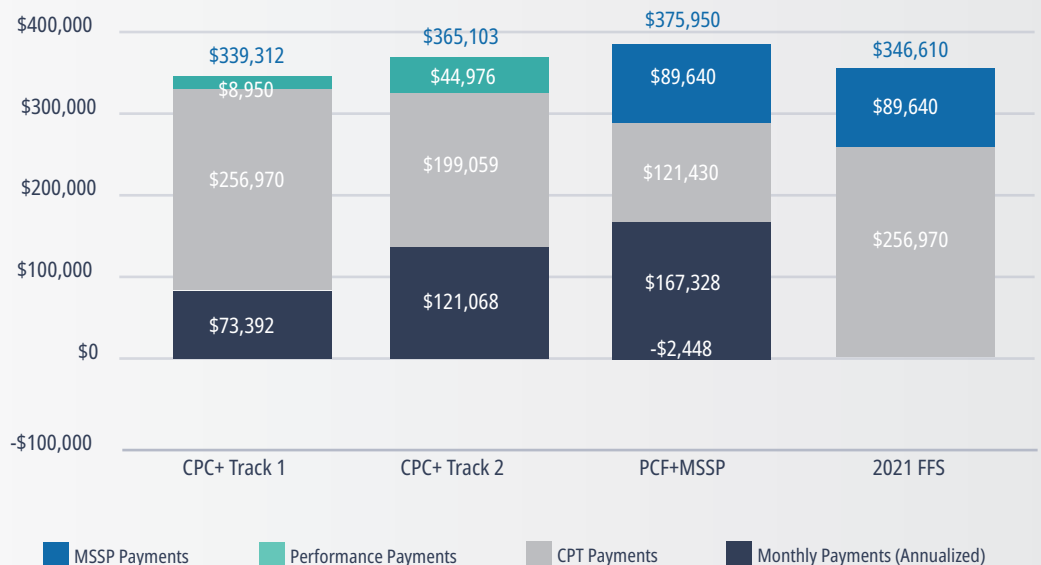

- Get more rewards for doing the same work.** Aledade core initiatives perfectly align with CPC+ and Primary Care First requirements (comprehensive care delivery, strong focus on utilization and decreasing cost of care).
- Don't leave money on the table.** Join a Level E or Enhanced ACO to get one more year of the 5% Advanced Alternative Payment Model bonus.

* ED and AHU bonus are included in the quality payment amount
** MCC: Multiple Chronic Conditions

2. Recover lost revenue & maximize value-based care reimbursement

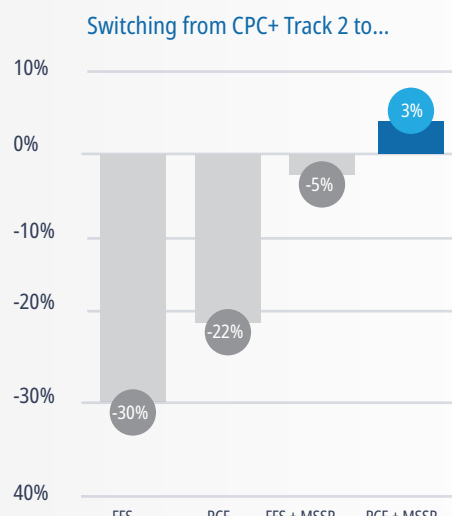

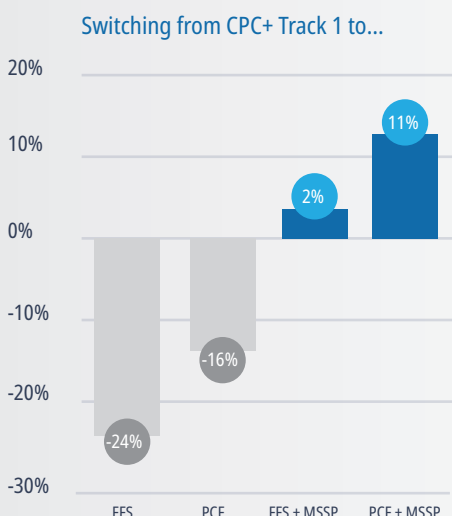

Aledade ACO Advantages

- Earn more.** Aledade practices earn an average of at least \$150 per patient in the form of shared savings. Aledade independent primary care practices like yours earned \$93M in shared savings for their performance in 2020.
- Get full support.** Aledade gives your practice local on-site experts, integrated actionable data and a user-friendly App for population health management.

Example is based on practice with 500 attributed patients

3. Get CPC+ ROI in MSSP ACO

Aledade ACO Advantages

- Practice team-based care model.** Aledade supports excellence in primary care and population health with integrated, real time actionable data insights at the point of care.
- Accelerate success in value-based care.** Aledade's comprehensive model is tailored to your practice and accelerates success in all your value-based care contracts regardless of patient insurance.
